Colour Natural
Branding Spot colour

PANTONE® Colours

Artwork Advisories

Artwork may distort due to the coarse texture. Artwork must be at least 1.05mm thick to avoid filling in.

Minimum 30points high for text (on the smallest letter) otherwise artwork will fill in.

All sizes are approximate and finished goods may vary by 5%. Logo placement may have the same variance.

Fabric colour may vary slightly from batch to batch.

Pantone colours may differ due to nature of the material. A sample of the previous job to ensure print colour is matched as close as possible.

It is the customer's responsibility to ensure that the proof is correct in all areas. Please be sure to double-check spelling, grammar, layout and design before approving artwork. **Due to the variation in monitor colours and adjustments, PDF proofs may not provide an accurate colour representation of the final product & printed work.** Once artwork is approved, your order will be processed based on the above unless any amendments are made. All orders are subject to our terms and conditions.

Please email all approvals/amends to your order processor.
