Max. motif size

Please note that for production reasons we offer the following **maximum motif sizes:**

- **60 x 60 mm** *or*
- **80 x 40 mm** *or*
- **150 x 150 mm** *or*
- **200 x 200 mm**

Larger motifs must be printed in several passes and are traded as several items.
Please enquire about these in advance.

Due to the nature of the item's surface, we cannot guarantee 100% colour and stand accuracy.
This is especially true for repeat assignments.

The readability of particularly fine fonts as well as the fitting accuracy of multicoloured prints can also be affected by the article surface texture!

Please also note that colour deviations may occur when printing light colours on dark articles.
This can be avoided by a double print or white underlay (number of print colours may change).

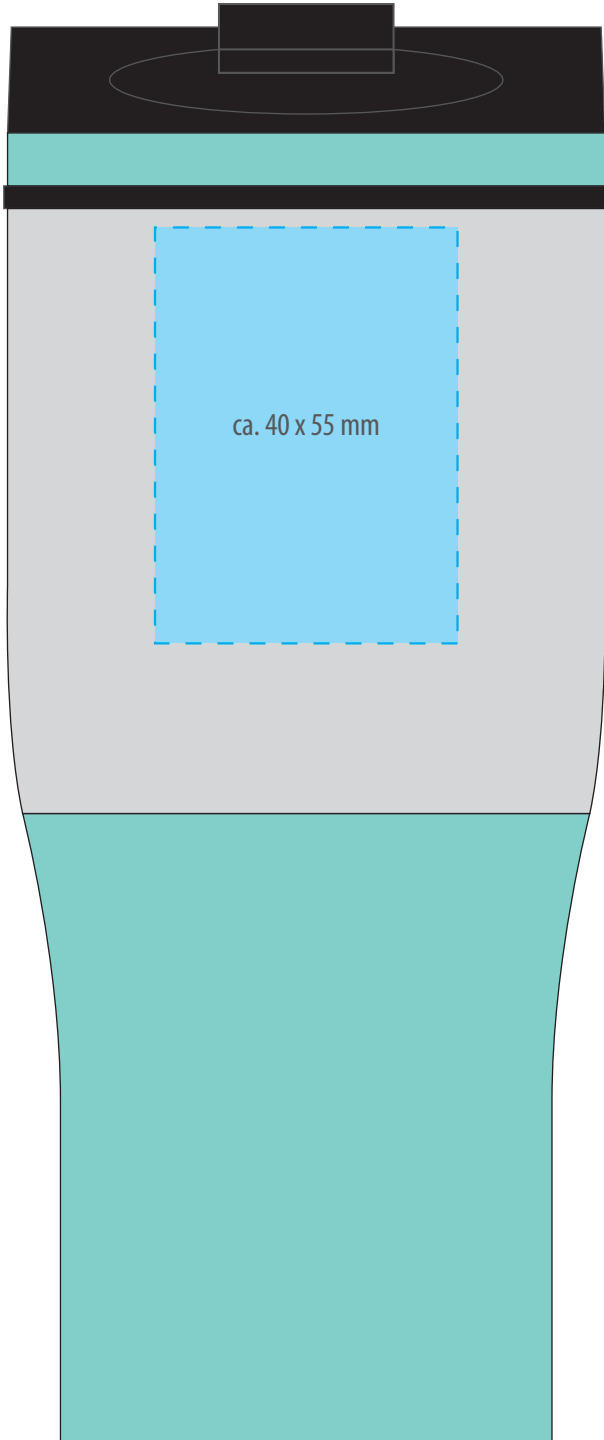

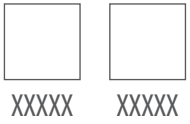

We reserve the right to make changes to the templates for technical reasons!
